applicants make an election of claims to pursue in the application together with an election of species. In response to the restriction requirement, applicants hereby elect Group I, Claims 36-50, drawn to a method for hybridization of probes onto immobilized genomic DNA. With respect to the species election, applicants elect poly-L-lysine. Claims 36-50 encompass the elected invention.

No fee is deemed necessary in connection with the submission of this Communication. However, if any fee is required to maintain the pendency of the subject application, authorization is hereby given to withdraw the amount of any such fee from Deposit Account No. 01-1785.

Respectfully submitted,
